ABOUT US

We are a family-owned, diverse manufacturer of nature-inspired outdoor and tabletop gifts, wild bird products, holiday items and decor, and entertaining essentials and accessories. Founded in 1995 as a distributor of wild bird feeding merchandise to independent birding, garden and hardware retailers, we have always supported the locally-owned merchant. Through the years, we have expanded by company acquisitions and developing our own products, always focused on the independent businesses who supported our growth. Now, as a major manufacturer and supplier to the gift industry, we welcome the opportunity to serve you.

We are centrally located in the heartland of the America in Mexico, Missouri, no more than three shipping days from most retailers in the continental US. Our great team takes pride in shipping quickly and accurately. Most orders ship with 24 hours of receipt. Over the years as we have grown from operating in a one-car garage to a 105,000-square foot warehouse, we have followed two guiding principles:

"Treat others as you want to be treated."

"We fundamentally believe that if our customers are successful, we will be successful."

Our beautiful handmade glass trees with removable ornaments have long been favorite gifts for teachers, co-workers and people in nursing homes and hospitals. Many people no longer go through the trouble of putting up a large tree - they are able to keep the spirit of Christmas alive in their home with our miniature glass trees.

Our small trees are made by the same skilled craftsmen that Lanny and Linda Altshuler worked with in 2003 when LS Arts introduced these trees to America.

ORNAMENTS

Margaret Cobane

Gift Essentials handmade, glass-blown ornaments are the original designs of Margaret Cobane, artist and founder of Cobane Ornaments. She has been designing blown glass ornaments for 20 years. Margaret painstakingly details each ornament design, which is then given to a skilled sculptor to create a mold, which then has to meet approval from Margaret's discerning eye. From Margaret's color design another factory artisan hand paints the glass mold used to create the original blown glass ornament sample. These are then hand blown and painted by talented craftsmen who have learned that the Cobane painted ornaments are the most lifelike and accurate wild birds and animals (as well as fun Holiday Presents) available in the world. The resulting birds have graced the cover of the National Wildlife Federation Catalog for many years. Margaret continues to create new designs for Gift Essentials.

All Cobane ornaments are packaged in a white gift box.

Custom Ornaments Available!

If you have a specific ornament design in mind, let Cobane bring your vision to life with our exceptional artistic skills. We offer reasonable minimum order quantities and competitive pricing for larger orders. Please note that, due to the handmade nature of our glassblown ornaments, the lead time for custom projects can be extensive.

BrushArt™

BrushArt™ animals are the "Original – Real Buri". Originally sourced from villagers in the Philippines by Vera and John Whalen. We still source the Brush Art Products from the same village.

Each BrushArt™ creation is hand made from the most superabundant and self-regenerating of natural materials. Most important to a BrushArt™ animal is the buri sugar palm. This tall palm tree, common throughout the Philippines, has many uses: but it is the long, thick leaf stems that provide the fiber from which the body of a BrushArt™ animal is made.

BrushArt™ animals make delightful and imaginative gifts. You can bend them into different lifelike positions—just hold firmly between your palms and twist!
