

About Rosha Living

Founded in 2020, Rosha Living was born from a simple belief—that a home should tell a story, and every object within it should carry meaning. We are a close-knit team of designers and manufacturers who come together to create thoughtfully handcrafted, premium home décor that brings warmth, beauty, and intention into everyday living.

Each Rosha Living piece is made by hand, using ethically sourced, natural, and sustainable materials, with deep respect for the craft and the people behind it. We believe true luxury lies not just in how something looks, but in how it is made. By supporting our artisans with fair wages, safe working environments, and dignity of work, we strive to preserve craftsmanship that has been passed down through generations.

The name Rosha is inspired by the Latin word “Ros,” meaning dew, and the Sanskrit word “Ha,” meaning the sun—together symbolizing purity, renewal, and new beginnings. This philosophy guides everything we do, as we create timeless pieces meant to be cherished, lived with, and loved—bringing quiet joy and soulful elegance into your home.

General Disclaimer

The images are taken in studio light. Overall colours and shades may vary. Every product is handcrafted and completely unique and might vary in colour, size, texture and thickness. Small bubbles and irregularities may occur and are not perceived as production faults. Do not rinse any Décor glassware. Wipe clean with a dry cloth.

All our wooden products are made from authentic wood. Rinse your wooden kitchenware under normal water, do not let it soak; soaking will make it split and warp. Wipe it dry with a tea towel and let it air-dry.
